

reservation form umrah page

A hand-drawn wireframe of a mobile application interface for an Umrah registration form. The screen has a white background with black outlines for input fields and labels.

The top right corner features a "reset" button with a crossed-out square icon. In the top left corner, there is a small arrow pointing left.

The main title "Umrah registration form" is centered at the top. Below it, the label "Nama peserta" is followed by a long rectangular input field.

The next section is labeled "no. telefon" with a long rectangular input field below it.

The third section is labeled "IC" with a long rectangular input field below it.

The fourth section is labeled "Alamat" with a long rectangular input field below it.

The fifth section is labeled "Wanita" with a crossed-out square icon to its right. It also includes the label "Hubungan" and a long rectangular input field below it.

The sixth section is labeled "maklumat wanita" with a long rectangular input field below it.

The seventh section is labeled "Nama" with a long rectangular input field below it.

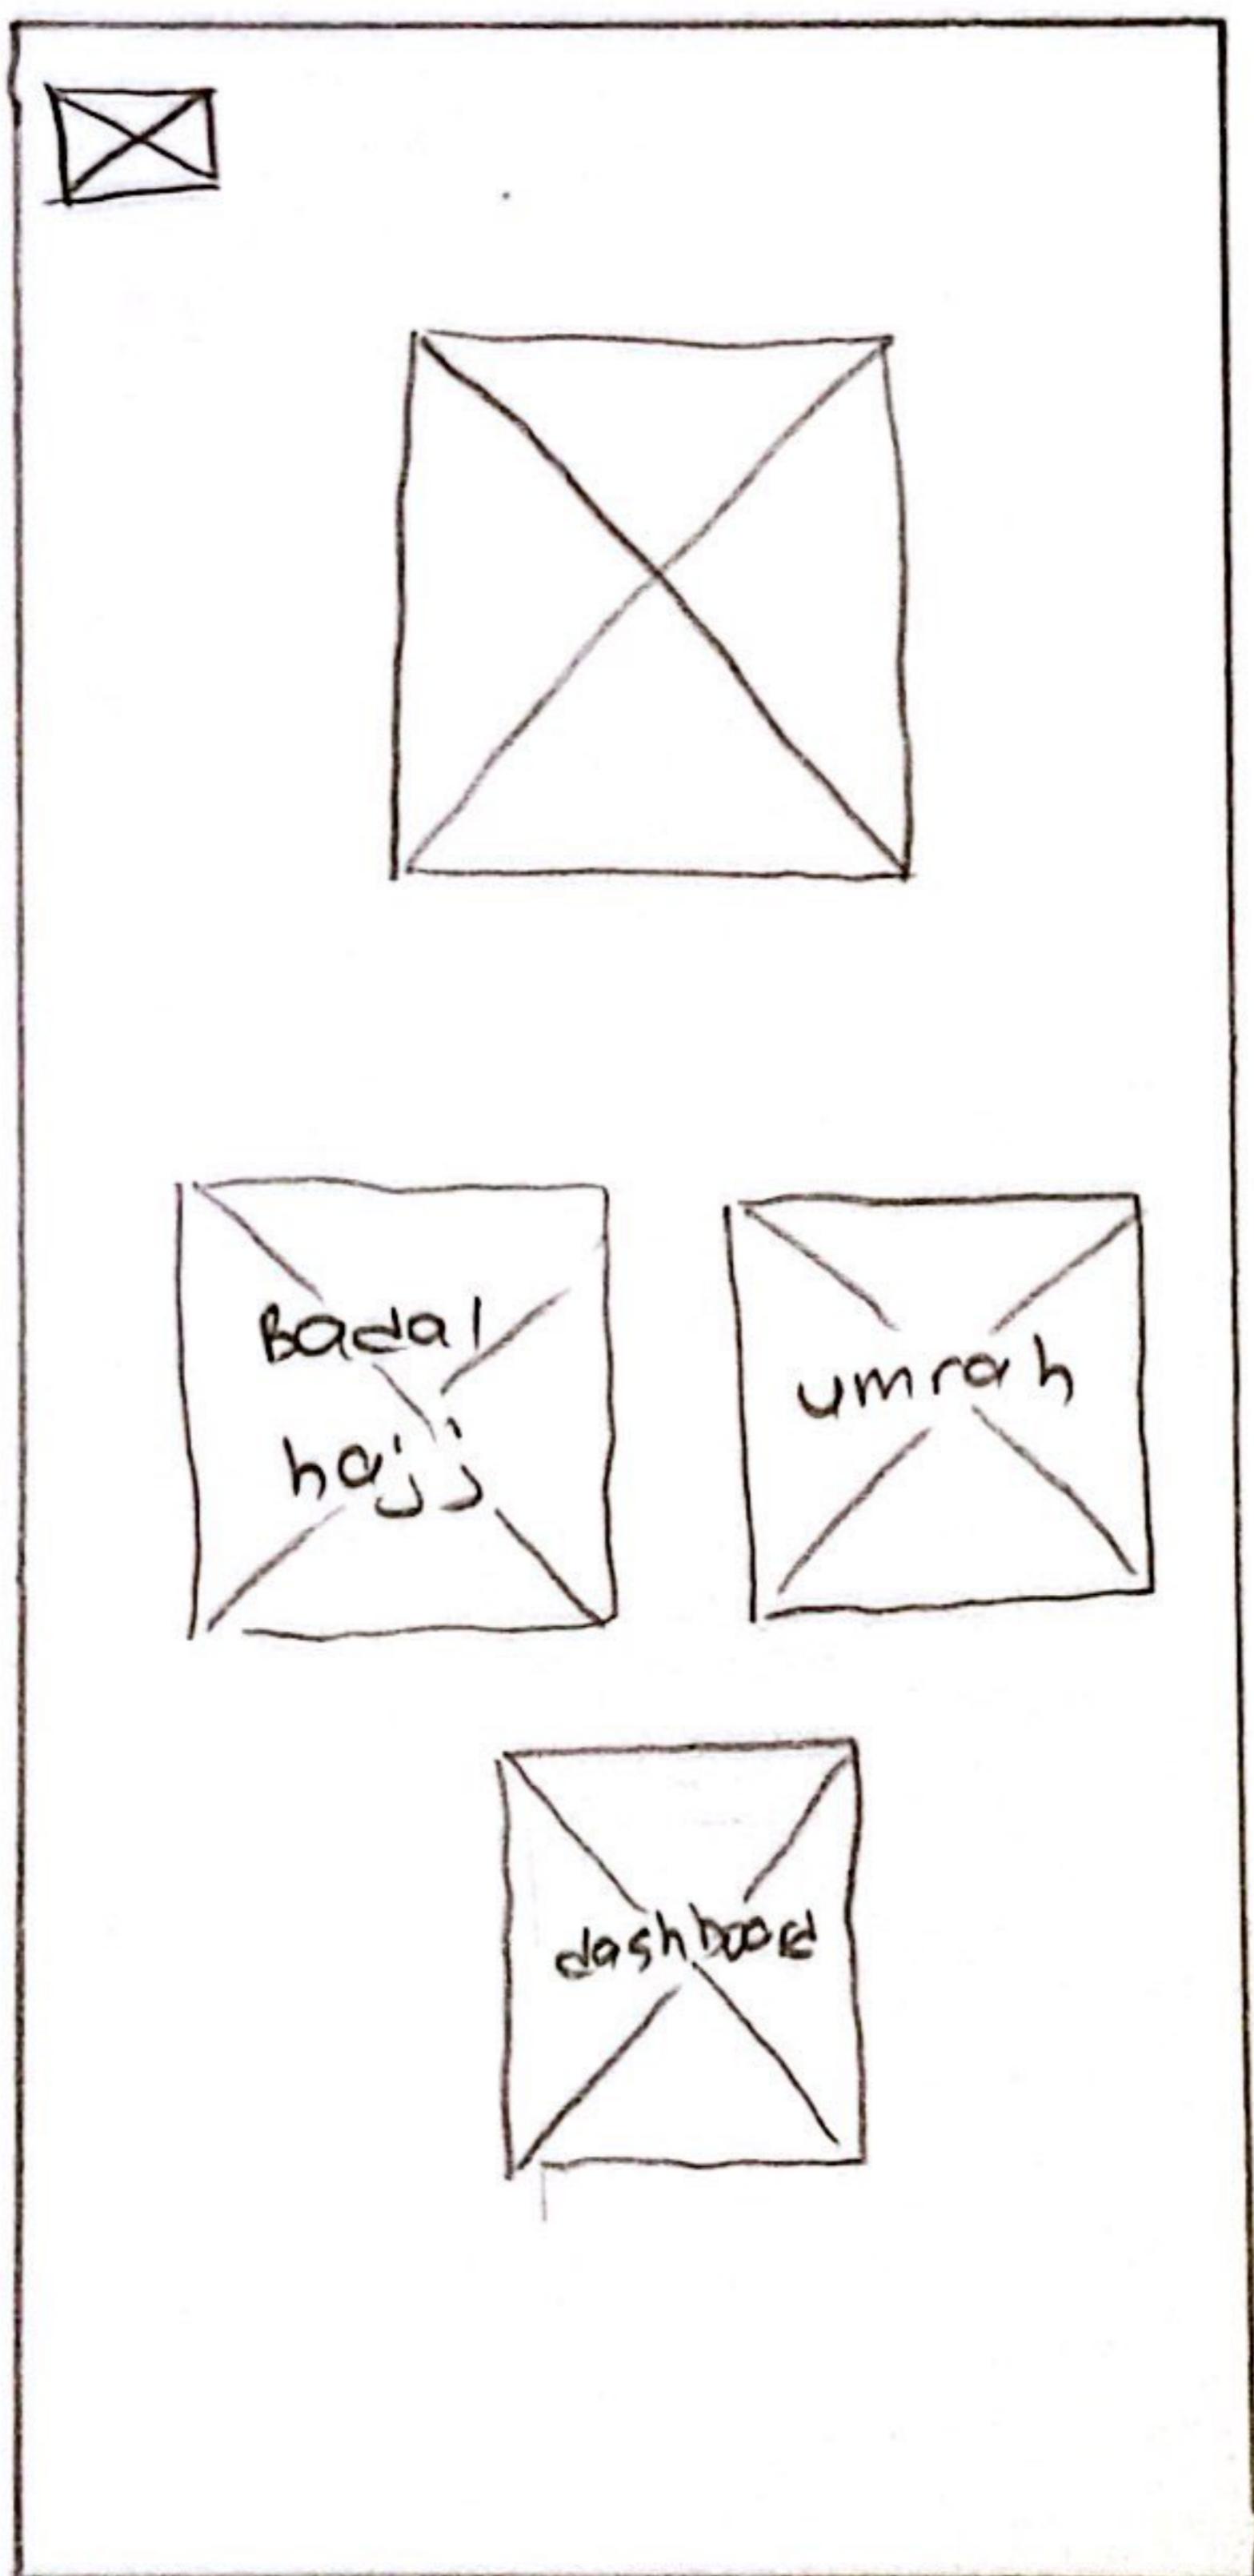

The eighth section is labeled "NO telefon" with a long rectangular input field below it.

The ninth section is labeled "alamat" with a long rectangular input field below it.

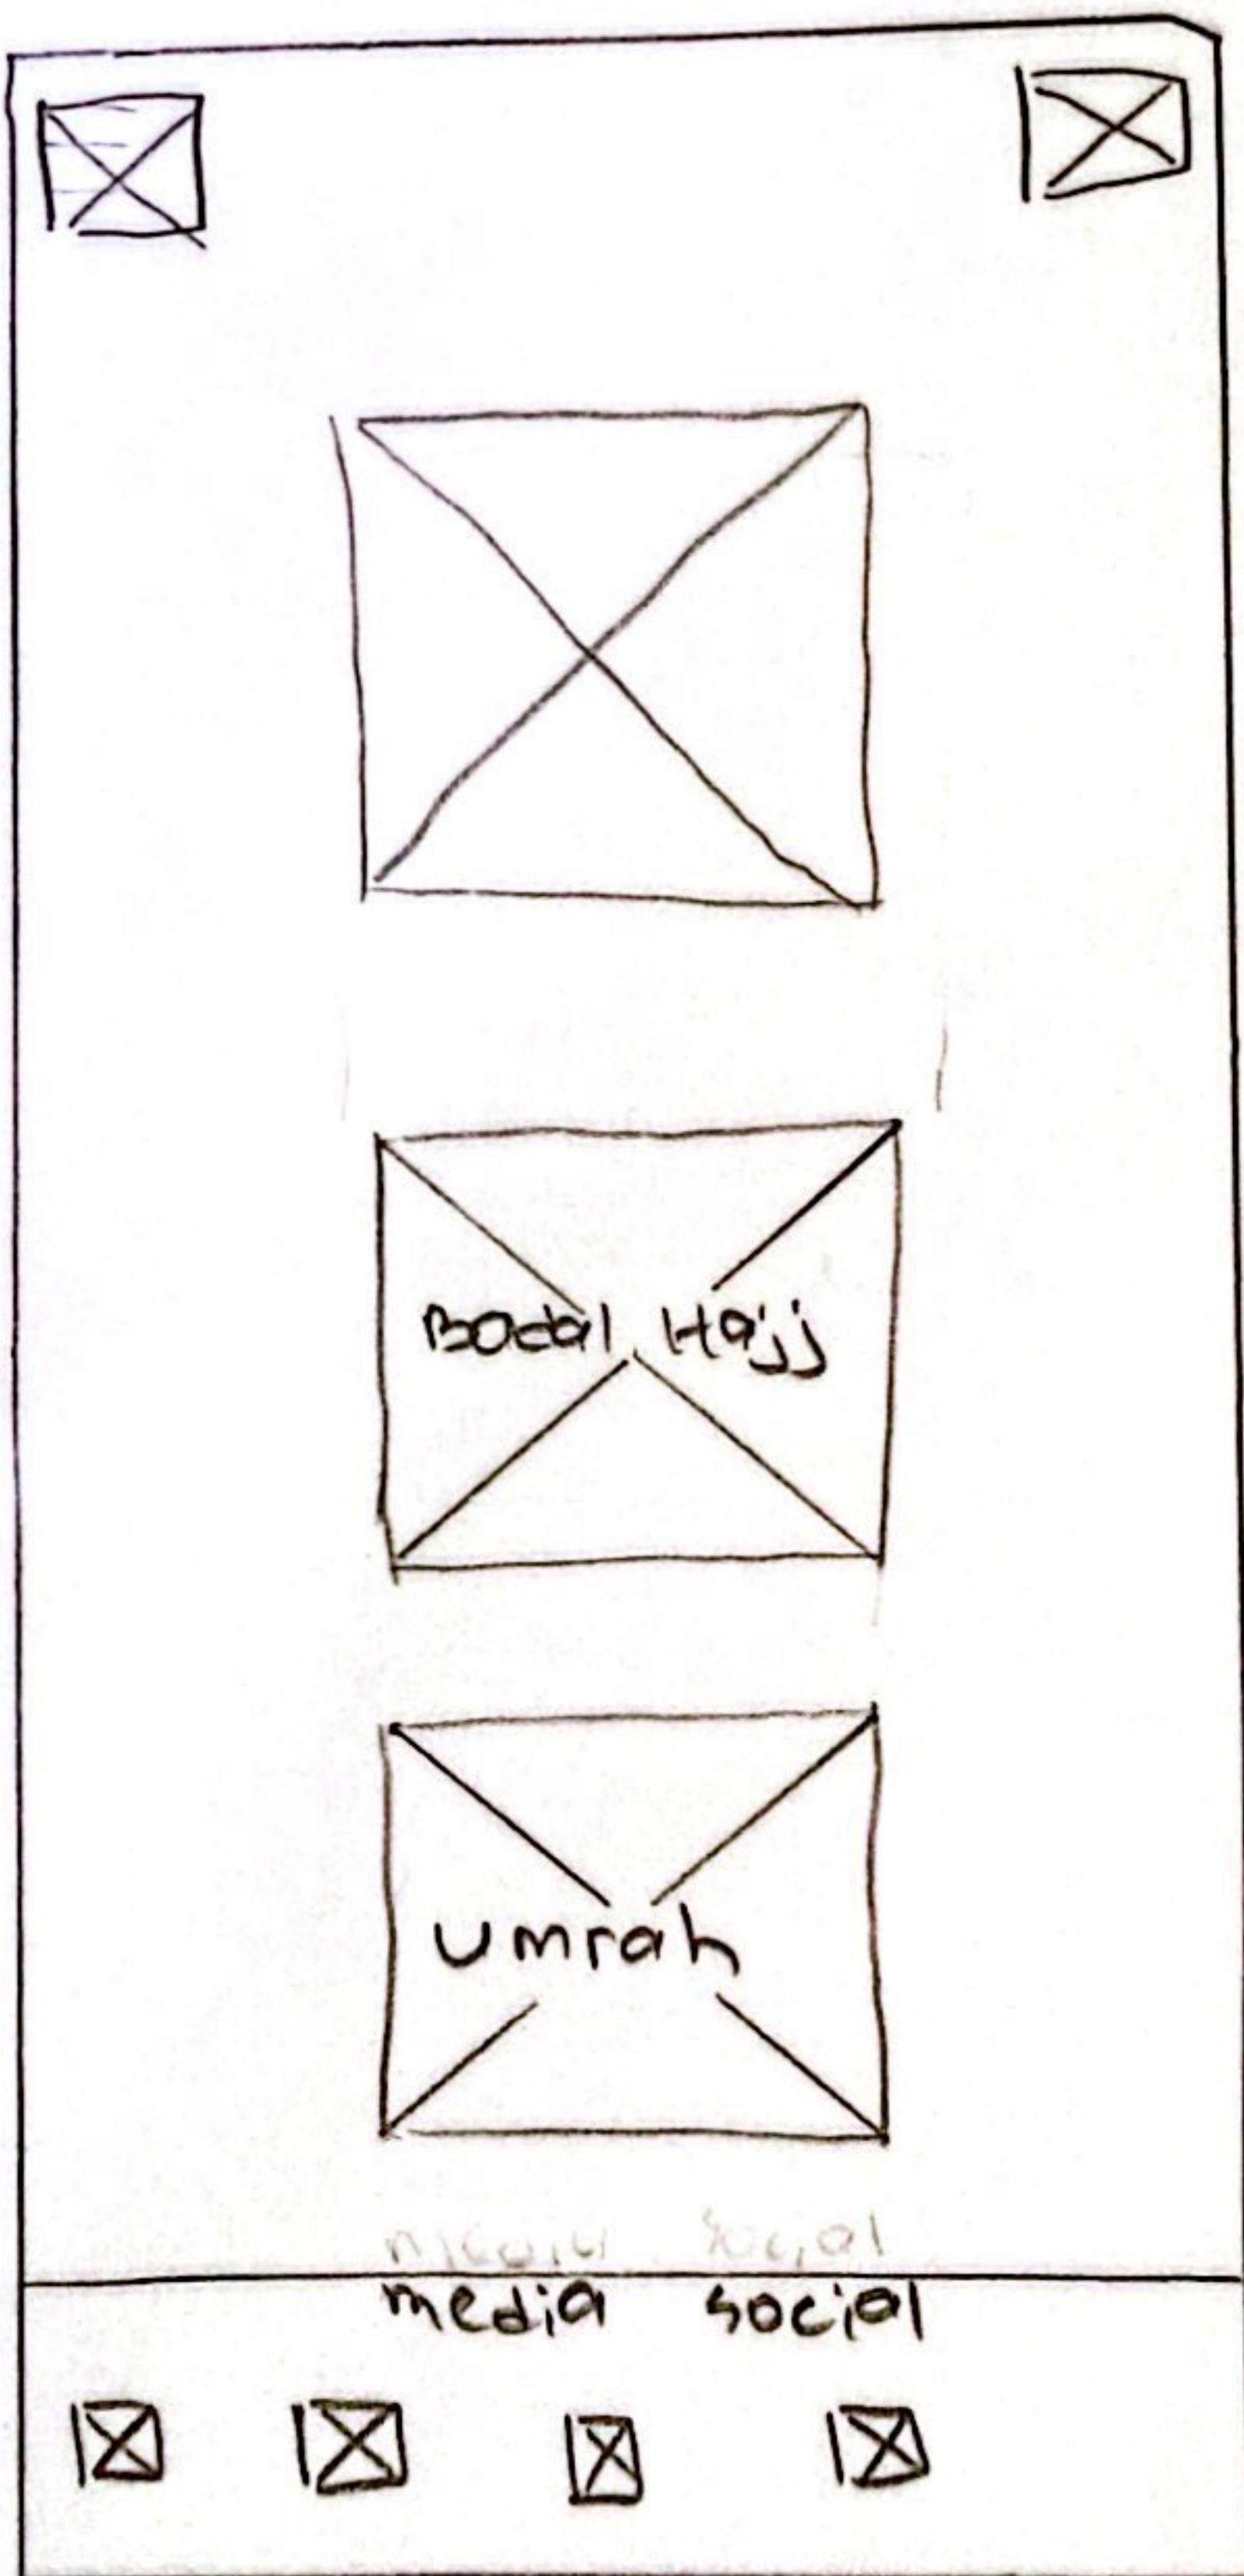

The tenth section is labeled "Hubungan" with a long rectangular input field below it.

At the bottom center is a large rectangular "Submit" button.

forms page

A hand-drawn wireframe diagram of a form page. The page is enclosed in a large rectangular border. In the top-left corner, there is a small white arrow pointing towards the left edge of the page. Below this, there is a horizontal bar containing four thin horizontal lines. To the right of this bar, there is a vertical column of five lines. To the right of each of these five lines is a small square checkbox. The first three checkboxes are empty, while the last two are filled with black ink, indicating they have been checked.

The diagram shows a hand-drawn wireframe of a mobile application interface. At the top left is a left-pointing arrow. Below it is a rectangular box containing the text "Jemaah's Details" above five horizontal lines. Below this is another rectangular box labeled "Payment" above a single horizontal line. At the bottom is a larger rectangular box divided into two sections: the top section contains the text "pre-booking form" and the bottom section contains the text "post-booking form".

Forgot password page

A hand-drawn wireframe of a mobile application interface for a 'Forgot password' page. The interface is contained within a large rectangular frame. In the top-left corner of this frame is a small black arrow pointing to the left. Inside the main area, there is a smaller rectangular box containing two input fields and a button. The top input field is labeled 'new password' and the bottom one is labeled 'confirm password'. Both labels are written in a cursive style. Below these two fields is a single button labeled 'reset password'.
